Quality Management Statement ..... 3

## Quality Management Statement

C&D Access Ltd are a provider of engineering, fabrication, inspection, maintenance, repair and training services, to the oil and gas, petrochemical, power generation, renewables and marine industries.

In practice, all phases of C&D Access Ltd work are subject to quality control, from enquiry through to order processing, purchasing, delivery, inspection and test to ensure customer success. All work is in accordance with procedures, with lines of responsibility and accountability defined checks incorporated. All personnel are well versed and trained for the work they are to complete, and safety is a prime consideration.

To achieve this, we are committed to a continual improvement culture throughout the organisation based on stated company objectives, the BS EN ISO 9001:2015, ISO 17020:2012 and ISO 3834-2:2005 standards. The principles embraced in the ISO 9001, ISO 17020 and ISO 3834 standards have been embodied in our formal Management System. This System is an essential company framework that will allow us to gain competitive advantage, as well as reinforcing and enhancing the company's reputation and image.

C&D Access Ltd is committed to complying with applicable legal, regulatory and statutory requirements and ISO 9001:2015, ISO 17020:2012 and ISO 3834-2, as such the policy:

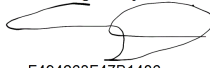

- ✓ Requires the setting and reviewing of Quality and Business Objectives, which derive from an analysis of the needs of interested parties, internal and external factors, mitigating actions and the performance of key processes.
- ✓ Includes a commitment to satisfy applicable requirements (customers, legislative, statutory).
- ✓ Commits C&D Access Ltd to continually improve the Management System.
- ✓ Commits C&D Access Ltd to perform Inspection in an independent and impartial manner.

The directors are committed to ensuring that sufficient funds and resources are made available to ensure that the Quality can be achieved.

The policy of the Directors of C&D Access Ltd is aimed at implementing and maintaining quality and safety in an effective and economically practical way. The basic principle is that it should be possible to meet the requirements agreed with the client and satisfy their expectations at any time.

Throughout the company by educating and training our staff, we will use our all hands meetings and staff notice boards to publicise out targets and performance.
