

C&D ACCESS

Case Study – YHN, Newcastle

Your Homes Newcastle – Building Repair

Rope Access

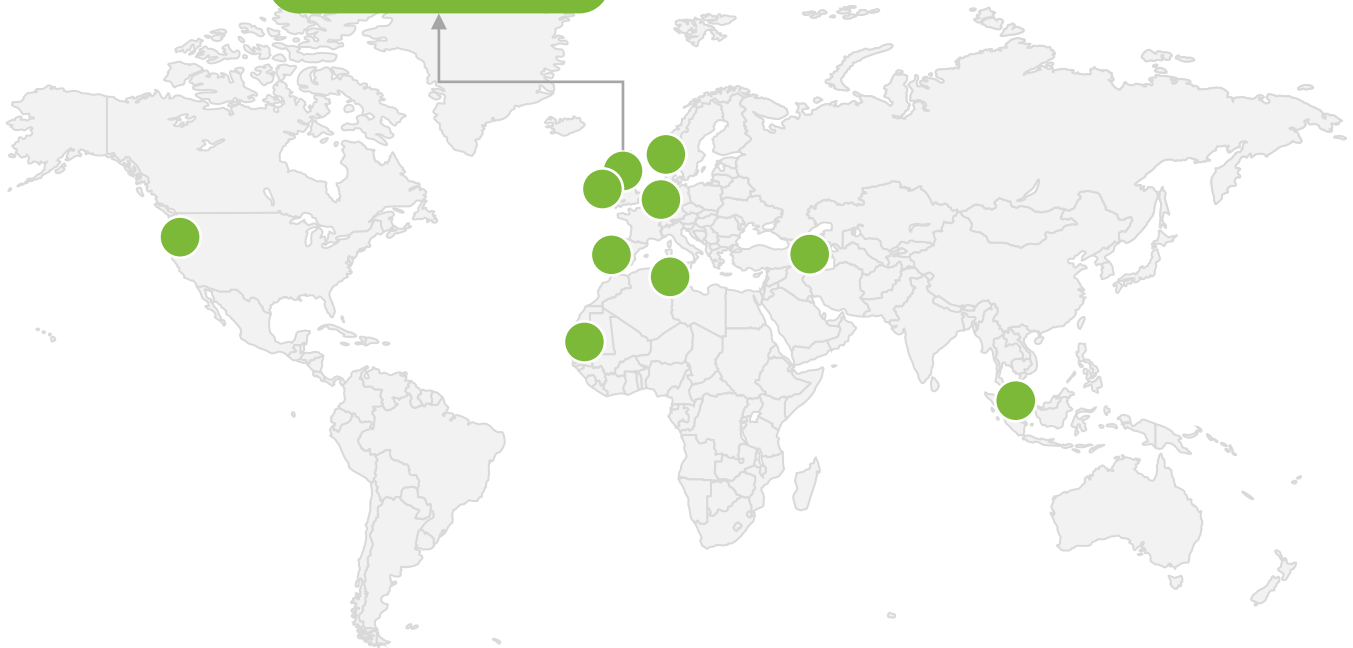

C&D Access carried out the repair works to the roof deck and coverings, making it structurally safe, along with re-pointing of stonework, all works completed by means of rope access.

Cost effective

The existing roof was replaced with light weight bespoke materials.

The restoration project was carried out by a three-man team over a period of 8 days.
